

LEHIGH EMERGENCY SERVICES TRAINING ACADEMY

ICS 400 Advanced Incident Command System for Complex Incidents

This course builds on the ICS 100, ICS 200, and ICS 300 courses. However, it was designed to provide overall incident management skills rather than tactical expertise. Additional courses are available on developing and implementing incident tactics.

Building on the prerequisite ICS 100, ICS 200, and ICS 300 courses, this ICS 400 course focuses on ICS for Command and General Staff in complex incidents. This advance ICS 400 course focuses on senior personnel who are expected to perform in a management capacity in an Area Command or Multiagency Coordination System, or as part of an Incident Management Team.
