NEHCC 2025 Symposium – Session Highlights

Philadelphia Special Events Planning: Lessons learned and best practices for managing large-scale events through healthcare coordination and resource planning.

Planning and providing coverage for large planned events within the region This session will focus on planning and providing coverage for large-scale events using examples such as Musikfest and other major public gatherings.

Medical Reserve Corps (MRC) in Action: The value of MRC volunteers in public health education, event support, and emergency response integration.

NASCAR Race Emergency Management: Behind-the-scenes look at how Monroe County EMA prepares for the Pocono Raceway event with interagency coordination.

Mass Gathering Medicine at Pocono Raceway: How medical teams manage motorsports and music festivals to test and strengthen community emergency response systems.

Butler County Trump Rally Response: Real-world EMA and EMS insights from the 2024 active shooter incident, emphasizing planning, partnerships, and challenges.

Registration Open:
